BRISTOL ZOO GARDENS RESTAURANT

WHAT IS PALM OIL?

Palm oil is an ingredient found in lots of our kitchen and bathroom staples... from biscuits and breakfast cereals to shampoos and detergents. The clearing of land to grow palm oil trees has led to major deforestation in South East Asia.

This is having a major impact on species which can be seen here at Bristol Zoo. You can help too by placing only palm oil free or sustainable palm oil products in your shopping basket.

BREAKFAST
