

You will need:

Scissors

Ruler

Glue

Card

Paint/Colouring pens

1. After you've printed this image, stick the sheet onto a piece of card. Colour the mask however you'd like.

2. Very carefully cut around the mask and beak shapes. Punch holes through the eyes and cut them out.

3. Using a ruler, use a blunt edge to score down the dotted lines. fold the beak into a beak shape.

4. Fold in and glue tabs 1 + 2, stick them onto the mask so that the dotted lines match up.

5. Punch through the 2 holes marked x, thread string through and tie knots at the end.
